Workwell Recognized as a Major Contender in Everest Group's 2026 MSP PEAK Matrix® Assessment

SAN DIEGO, CA (September 17, 2026) – Workwell announced today that Workwell MSP has been recognized as a Major Contender in [Everest Group's "Contingent Workforce Management \(CWM\) / Managed Service Provider \(MSP\) PEAK Matrix® Assessment 2026."](#) This marks the fourth consecutive year of recognition for Workwell's MSP offering.

"This recognition reflects the progress we've made expanding our workforce solutions capabilities while staying focused on what matters most: delivering measurable outcomes for our clients," said Seth Stein, Chief Executive Officer of Workwell North America. "Organizations are looking for partners that can help them navigate increasing workforce complexity with agility, expertise, and accountability. We believe our continued investment in MSP, EOR, services procurement, and workforce management solutions positions us to meet those needs today and into the future."

Over the past year, Workwell has continued to strengthen its workforce solutions portfolio through strategic client retention and growth, expanded VMS ecosystem support, and enhanced capabilities across MSP, Employer of Record (EOR), services procurement, and contingent workforce strategy. This recognition reflects a continued focus on helping clients run more mature, accountable workforce programs through stronger governance, practical compliance support, and outcome-driven service execution.

Workwell North America helps clients manage global workforce needs through a coordinated, service-led model that brings contingent workforce management, Employer of Record services, compliance, and workforce technology together under one accountable program team. Through flexible solutions, high-touch support, and technology-enabled delivery, Workwell gives organizations greater consistency, visibility, and control across North America and international markets.
